Chancellor's Award of Distinction

The Chancellor's Award of Distinction acknowledges the University of California, Irvine's most outstanding graduating seniors. Awarded by the UC Irvine Alumni Association, these students represent exceptional academic achievement, and a commitment to cutting-edge research, leadership and service to UCI. Selected by a committee of alumni, recipients can be identified by the blue and gold shoulder cord worn with their commencement regalia.

Message from the Chancellor

Dear Class of 2021:

Congratulations on reaching this very special milestone in your life. Today, as we celebrate the University of California, Irvine's 56th commencement, enjoy the pride, nostalgia, and excitement of the moment. As you participate in these time-honored graduation rites, which although performed remotely have not lost any of their meaning or importance, I encourage you to remember that you did not achieve this success alone or in a vacuum. Please take the time to thank the family, friends, and mentors who have supported and shepherded you through this journey.

All of us are extremely proud of your accomplishments and the contributions you have made to UCI and our community. I am even more excited, though, by what lies ahead for you, as you enter the world enabled, empowered, and inspired to succeed in whatever endeavors you choose to pursue.

Today, as you join the proud alumni of UCI, you become part of a family of graduates who are leaders, innovators, and teachers who make a difference in our global community. Please come back and visit us, update us with news on your careers, and stay in touch through the Alumni Association. Wherever the future leads you, you will always be remembered at UCI.

Fiat Lux,

Howard Gillman
Chancellor

Message from the Vice Chancellor, Student Affairs

Dear Class of 2021 Graduates:

On behalf of the Division of Student Affairs, I would like to congratulate you and your family on this amazing accomplishment.

You are now a UCI graduate and now join the ranks of close to 200,000 alumni from across the world. You should be proud of all that you have accomplished during your time at UCI, especially during an unprecedented global pandemic. My sincere hope is that you have taken the past years to learn more about yourself, your community, and your academic major. College is truly a transformative time in one's life and I am sure you have taken everything you have learned during your collegiate time to transform not only yourself, but also the world.

As you close this chapter in your life, take some time and thank your family and friends for their support. Your graduation from UCI is a reflection of their love and support for you through this time. I hope that you will remember your time at UCI fondly, and I hope you will tell the story of how your life was changed from being here. You are an Anteater for life and we could not be more proud to have you as one of our proud alumni.

Zot, Zot, Zot!

Willie L. Banks Jr., Ph.D.
Vice Chancellor, Student Affairs

Claire Trevor School of the Arts

Dear 2021 Claire Trevor School of the Arts graduate,

Though no one asked you to do it, you're graduating from UCI and CTSA with the unique distinction of having weathered COVID-19 for the entire year. Your resilience and passion have been an inspiration to those of us who remain behind – we will remember you and your accomplishments with special amazement and delight.

But this has hardly been a "lost year" – you've created art objects and experiences of enduring value, all the more so because of the conditions in which you've been working. You've been the very center of the amazing CTSA experience, and now, as we emerge from COVID-19 and you emerge from CTSA, you become one of tomorrow's creative leaders in and for the arts, a voice for the vital role the arts will play in our emerging, complicated world. You've been forced to explore new ways to make your art, honed and broadened your skills with us, but of course it's just a beginning. Our hope and expectation are the adversity you've faced in the last period has given you even more of the critical and creative tools you'll need to achieve your highest aspirations in the next chapters of your life as an artist.

As dean, I've been bursting with pride as I've reported on the skills you've developed and the accomplishments you've achieved. All of us at CTSA send special thanks your parents and family, your friends, and your other mentors for the vital contributions they have made to your success at UCI, before and during COVID-19. And a special thanks to those alumni and others whose partnerships with CTSA, and with you, have provided support for the programs and facilities that have contributed to your success at UCI.

We hope that you will continue to be a part of our lives at UCI, that you'll keep in touch with your department and with others with whom you've worked. And we're eager to see how you emerge from your experience with us into the world of the arts.

All very best wishes for your brilliant future!

Stephen Barker, Ph.D.
Dean, Claire Trevor School of the Arts

About Claire Trevor

While millions knew Claire Trevor (1910-2000) as one of America's most distinguished actors, those closer to her knew her as a person deeply devoted to her family, as well as a passionate advocate for the arts and arts education. The Claire Trevor School of the Arts at the University of California, Irvine is proud to be entrusted with Claire Trevor's legacy and honors her spirit by embracing the values she believed in and practiced throughout her life.

School of Biological Sciences

Dear Class of 2021,

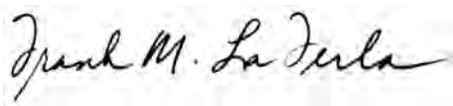
Congratulations on your Commencement from UC Irvine and the School of Biological Sciences. Through hard work, determination, courage and resilience, you have completed one of the most arduous undergraduate programs on the campus with the added challenge of a global pandemic and a remote learning environment. Now you are well-trained and positioned to achieve great things in your future endeavors.

Today, your hard work and accomplishments at UCI BioSci are being lauded with a virtual Commencement celebration. From tomorrow onward, as one of our thousands of BioSci alumni, please remember what you have achieved, what you have learned here about science and technology, and apply it well. You will find that UCI has helped prepare you for your future, whatever opportunities and challenges it holds.

As you embark on the next phase of your lives, I encourage you to reflect proudly on your time here. Remember my prediction about your future: YOU can be a game-changer for good on our planet.

I urge you to stay committed to conquering your fears, attaining your goals and to stay connected with the school as your life's journey continues. That way we can always support you, participate in your successes, and provide you with the opportunity to inspire the generations of students who will follow in your footsteps through UCI BioSci.

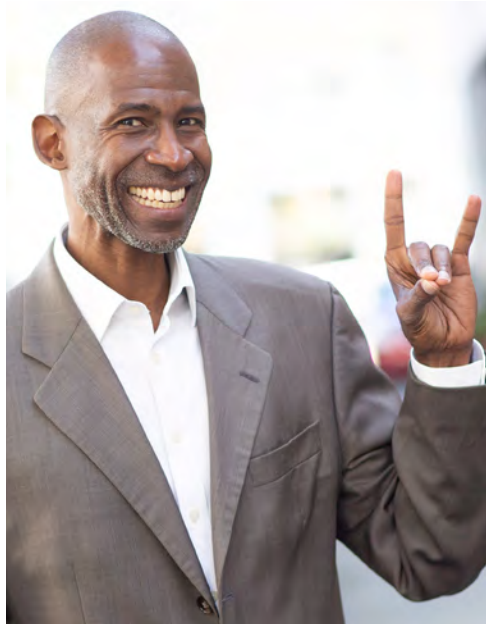
Best wishes,



Frank M. LaFerla, Ph.D.
Dean and Chancellor's Professor
School of Biological Sciences

The Paul Merage School of Business

Dear Class of 2021,



On behalf of our faculty and staff, I offer my enthusiastic congratulations on this momentous achievement. You are about to embark on a host of exciting new opportunities after completing a business degree during one of the most challenging times in history. Together you thrived in the face of many obstacles, and for that you have my admiration and respect.

This year the UCI Paul Merage School of Business is graduating over 900 current and future business leaders, including those from our undergraduate business majors, our three MBA programs (Full-Time MBA, Fully Employed MBA and Executive MBA), our four Specialty Master's programs (Professional Accountancy, Finance, Business Analytics and Innovation & Entrepreneurship) and our Doctoral Program.

Together you represent the future of business on the global stage—and we are proud of playing a role in the development of leaders that are prepared to lead through disruption, drive innovation and promote inclusivity and respect for others. It is our goal to continue to combine the academic strengths, diversity and best traditions of the University of California with the cutting-edge, entrepreneurial spirit of Orange County in the heart of Southern California's Tech Coast.

We thank you for your contributions to the School during your time here. Remember that on commencement day you do not simply receive a diploma and a degree – you gain access to the thriving Merage School alumni network with us and consider returning one day to share your new insights and experiences.

Ian O. Williamson

Ian O. Williamson, Ph.D.
Dean, The Paul Merage School of Business

School of Education

To the School of Education Class of 2021,

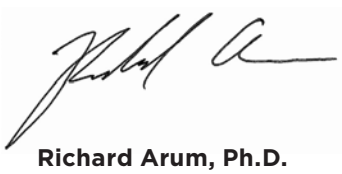
It is a privilege to congratulate you on your successful commencement from the School of Education and the University of California, Irvine. By completing one of our programs – the Doctor of Philosophy in Education, Master of Arts in Teaching, Bachelor of Arts in Education Sciences or CalTeach – you are prepared to make a difference in the lives of others through contributions to formal and informal education.

The concepts and competencies you have mastered in your program will always be fundamental in building and preserving an educated citizenry. This is particularly true during times of crises; as our country faces novel challenges, our public health, economic vitality, social welfare, and democratic political system are tested. Today, you take a giant step toward becoming our society's next generation of leaders.

The knowledge and skills you have developed will be invaluable in contributing to education through outstanding research, policy, curriculum, pedagogy, and advocacy. Some of you will apply key educational principles in classrooms, out-of-school programs and community life. Others will conduct critical research for creating and implementing policy changes. Still others will design software and technologies for learning. I am grateful for your commitment to improving education for all, and look forward to seeing the positive impact you all create.

In the years ahead, you will be well served to remember the lessons learned in your studies at UCI. You have learned to recognize the role of persistence, grit and resiliency in overcoming challenges in both educational processes and life. You understand that education and human development are lifelong journeys that do not end upon graduation, but rather must continue to be nourished and cultivated in your daily lives. Great educators are strong learners. I am confident that you will continue to grow, change, and learn to meet the challenges of tomorrow.

Congratulations to you and to the families of all our graduates, and best wishes for great success in your future endeavors.



Richard Arum, Ph.D.
Dean and Professor, School of Education

The Henry Samueli School of Engineering

Dear Samueli School Class of 2021,

First and foremost, congratulations on this important milestone! You have not only made it through an extremely competitive admissions process, but have also met the challenges of our highly rigorous academic program to earn your degree from UCI's Samueli School of Engineering.

Your Anteater engineering class is unique in that you have prevailed over unprecedented difficulties brought on by the pandemic. The completion of your engineering degree is a testament to your resilience, as well as your agility, hard work and fortitude. I have no doubt that your experience at UCI will provide you with the knowledge, skills and leadership that you will need to impact and benefit society in countless ways.

Unfortunately, we cannot celebrate your achievements in person this year. But I want you to know that we are very proud of you and have every confidence in your continued success. As you move forward in your career, I encourage you to do the following: maintain our values and dedication to excellence and lifelong learning, commit to truth and fairness, and remember to embrace diversity and individual differences. As the newest graduating class of the Samueli School, I hope you stay connected through our Engineering Alumni Society, as well as the UCI Alumni Association.

Congratulations on your well-deserved achievement. Be courageous, be strong, be awesome.

Zot, Zot, Zot!

Michael M. Green, Ph.D.
Interim Dean
The Henry Samueli School of Engineering

Susan & Henry Samueli College of Health Sciences

Congratulations to the Class of 2021! You are the fourth graduating class of the Susan & Henry Samueli College of Health Sciences! What a year you have had. An unprecedented pandemic created unexpected challenges and you persevered to arrive at this day with experiences beyond what anyone imagined. You have accomplished so much and we are truly delighted to recognize you as graduates of UCI and the Susan & Henry Samueli College of Health Sciences.

You have now reached a major milestone in your career development. Whether your path is in medicine, nursing, pharmacy, pharmaceutical sciences, or population and public health, you are poised to enter a field where you will make a difference, both to individuals and your community. UCI health sciences research and clinical care have been critical during the COVID-19 pandemic, advancing the health and wellbeing of our community and far beyond through rapid, impactful, and compassionate innovation. The pandemic has demonstrated the power of working together across disciplines to solve the problems facing society. You graduate with the education, passion and skills that you need to turn challenges into opportunities. Seize the chance to help others. Continue to unite with others with diverse backgrounds, perspectives and skills to achieve your goals. The talents that you each bring are unique and we know you will continue to make us proud.

Just like you, UCI Health Affairs continues to grow and develop. The college, which includes the School of Medicine, the Sue & Bill Gross School of Nursing, the School of Pharmacy & Pharmaceutical Sciences, the planned School of Population and Public Health, and the Susan Samueli Integrative Health Institute, is in the midst of a major expansion with new buildings for the school of nursing, the college, and the Susan Samueli Integrative Health Institute. Our new 9-acre UCI Health medical complex will include a 144-bed hospital with 24-hour emergency care, a comprehensive cancer center and ambulatory care center, and a center for advanced outpatient care for children's health, medical and surgical specialty services, and urgent care. We hope you will return to visit, watch us grow, and perhaps choose to discover, teach and practice here.

Please know that we will remain committed to helping you achieve your goals after you graduate because we measure our own success by your accomplishments and satisfaction in serving others. You will always be a member of the UCI family with an open invitation to come back to share your experiences. Stay in touch!

All the very best to you in this next and exciting phase of your life journey,

Steven A. N. Goldstein, M.A., M.D., Ph.D., FAAP
Vice Chancellor, Health Affairs

School of Medicine

Congratulations on your graduation, Class of 2021! On behalf of the faculty and staff of the University of California, Irvine School of Medicine, I commend you for achieving this milestone.

As you pause to reflect on all that brought you to this moment, you are no doubt grateful to many – from family to friends to mentors – who supported, encouraged and advised you along the way. Please know they are cheering your accomplishments – even if it still may be through Zoom! – along with every School of Medicine faculty member who had the privilege of interacting with you during your time at UCI.

Times may change – as we have all witnessed during this unprecedented time in history – but education is enduring, and your medical journeys will continue to grow. Your graduation may mark the end of your medical school education, but it begins a lifetime of professional learning.

As a student of medicine, you have the unique opportunity to make a significant, very personal impact on the lives of many people. Your training was designed to prepare you for this, encouraging curiosity and motivating you to always seek new and better treatments to improve health – whether the discoveries belong to you or others.

I encourage you to find a way to harness the unparalleled experiences you've lived through this past year and continue to embrace new challenges with an open mind. Use them to your advantage and know that they all play a part in shaping who you become. Make lemonade from the lemon that was 2020 and recognize that even in the darkest hours we were able to shine, and even as we made changes that were forced on us, we learned a few new tricks that will make us better people, doctors and educators for the future. As your class, the class of 2021, prepares to embark on post-graduate training in 20 medical specialties, with nearly 75 percent of you entering training programs in California – many in underserved areas – remember, I truly believe it will be you who will change the world for the better.

UCI School of Medicine is dedicated to advancing the knowledge and art of medicine. Each year, we applaud the achievements of about 100 medical school graduates and celebrate as residents, fellows and doctoral candidates complete rigorous programs. As you enter the ranks of your chosen profession, you become the public face of this school. Through your work, people will see the positive impact of our mission: Discover, Teach, Heal.

It is a privilege to have you join us in the profession of medicine and we extend our best wishes for every success as you continue your journey. Once again, congratulations to the UCI School of Medicine Class of 2021!

Michael J. Stamos, M.D.
Dean, School of Medicine

Sue & Bill Gross School of Nursing

On behalf of the University of California, Irvine Sue & Bill Gross School of Nursing faculty and staff, it is my privilege to congratulate the members of the graduating class of 2021. Joined by your parents, family and friends, I am pleased to celebrate this magnificent milestone with you.

I am thrilled that your educational journey has inspired you to pursue nursing as your profession, and, in turn, make the world a better place. As a result of the historic challenges we have been facing, the need to transform the way health care is delivered and to generate the science that will change the world as it relates to health and wellness is more important than ever. Whether you choose to pursue a beginning career with patients in a hospital setting or in the community, or in advancing scientific knowledge, you all have chosen a field that is undergoing significant transition and growth; creating tremendous challenges and opportunities for innovative contributions.

As you make your important mark on the nursing profession, I can unequivocally say that you will enjoy an emotionally fulfilling and personally rewarding career ahead. Although there will always be rewards and challenges, your career in nursing will provide you with the unique opportunity to serve as strong ambassadors for the delivery of compassionate care, cutting edge research, and hopefully healthcare policy change; enriching the health of societies around the world, one patient at a time. Never forget that promoting the well-being of the individual, family and community is your foundation.

To each graduate who will be individually recognized, I offer my best wishes and heartfelt congratulations. We look forward to seeing where your future endeavors may lead and to hear about the impact you will have in the nursing profession locally and globally. As new members of the Sue & Bill Gross School of Nursing alumni, we hope that you will continue to move forward in your career trajectory and that you think of the students coming forward and how to support them in their journey. We hope to keep in touch!!

With best wishes,

Adey Nyamathi, Ph.D., ANP, FAAN
Founding Dean and Distinguished Professor, Sue & Bill Gross School of Nursing

School of Pharmacy & Pharmaceutical Sciences

Congratulations to the UCI Pharmaceutical Sciences Class of ’21. Today we celebrate your years of hard work and dedication. This achievement marks the beginning of a new and exciting chapter in your lives. You have chosen to pursue a career in the dynamic and rapidly changing field of science and medicine. Every day, pharmaceutical scientists are improving our society’s health and wellbeing in health care, academia, research, and government.

Our program has equipped you with the scientific background to succeed in any biomedical professional school or career, but more importantly, we have trained you to be transformative drivers of change. As pharmaceutical scientists, you will help advance therapeutics, medicine, apply innovation and add healthy years to human life. As many of you head off to pharmacy school, medical school, other graduate programs or opportunities in the workforce, you will undoubtedly play an integral role in shaping a brighter, healthier future.

Today is the beginning of an exciting opportunity to make your mark in the world. I have no doubt you will succeed on any path you choose, and we are privileged to be a part of your journey. You will always be a part of the Anteater community, and today also marks your official welcome into our Anteaters in Pharmacy alumni family, which has much to offer. We look forward to celebrating your many achievements, so please keep in touch.

Congratulations from all of us at the School of Pharmacy & Pharmaceutical Sciences and especially from those in the PharmSci department!

Jan Hirsch, Ph.D.
Dean, School of Pharmacy & Pharmaceutical Sciences

Program in Public Health

Congratulations to the Class of 2021 and all our Public Health undergraduate, master’s, and doctoral students. To get here today was no easy feat and I commend you for the hard work and diligence that led to this tremendous accomplishment.

In many ways, this has been the year of public health. As graduates during this challenging time, you are uniquely positioned to improve our world for the better. You have seen first-hand the critical role that public health plays in safeguarding health for all in times of crisis. Together, we witnessed the unfolding of the pandemic and harnessed our skills and expertise to respond effectively with health equity top of mind. The pandemic served as a sad reminder that disparities are not just found in chronic disease – they persist in infectious disease – COVID-19 being the most recent example – and nearly all public health issues. We have experienced a fragmented and broken health infrastructure. And as part of all of this, there is a call for a new, bold public health workforce to address the challenge of health equity – that is health and well-being for all! I commend you for all answering the call for a new public health, the outstanding work you’ve done as ambassadors of the field of public health throughout the UCI campus, community, and beyond, working tirelessly to reduce the burden of disease while promoting equitable and sustainable solutions to complex problems.

Thank you for the dedication and compassion you showed through your work. Please know how needed your public health skills are today, perhaps more than ever before. As you set out to improve the health and well-being of your own communities, be confident in the knowledge gained during your time at UCI and remember that the field of public health is made stronger by having you in it.

We hope you will continue to engage with the Program in Public Health and share your achievements as your move forward in your careers and personal lives. I encourage you to stay involved and support our activities, scholarships, and programs as our newest members of the Anteater alumni community. The connection to UCI is one that will last a lifetime.

Public Health graduates, you make us so proud. Congratulations!

Bernadette Boden-Albala, Ph.D., M.P.H.
Founding Dean, Program in Public Health

School of Humanities

On this happy occasion of your commencement, you are each concluding your study at UC Irvine and embarking on a new life as the proud holder of a University of California degree in a humanities field.

Let me be the first to congratulate you. You are a select group who worked tirelessly to be admitted to UCI, and to excel in your majors. You put in hard nights of reading and writing papers and studying for exams and meeting your requirements one by one. Your goal was not just to get a good grade on one assignment, or completing a course, or even meeting all the requirements of your major. It was always something that lies beyond the boundaries of the campus and its program: opening up the opportunities in your life that your UCI degree makes possible, and that at this moment of commencement you can't even yet fully foresee. These include the possibility to go on to more advanced study in graduate or professional school; to make your mark in government, media, or business; or to lead and serve in your community, at home or perhaps elsewhere in the world.

The humanities focus on the histories and cultures of the world, the images and stories we use to represent the human experience, and the theories and concepts that we use to make sense of our world. Human meaning-making is an ongoing and ever-evolving process, and the skills you have gained in understanding and contributing to it never go out of date or lose their relevance. Our world is changing at an extraordinary pace. We need humanities-trained leaders and thinkers like you to help us to make sense of it all, make conscious and ethical choices, and imagine new ways of living and working in a radically changed environment.

You will bring the skills you have learned here – to listen and read closely, to think critically and analytically, to interpret texts and images, and to write with clarity and power – to all the work you have ahead of you. We have prepared you not just for a job, but for a career of your own making, which may have many new turns and changes along the way.

But through the lenses of the humanities, we have also prepared you to appreciate better the beauty, complexity, and richness of the world, to experience it with depth and knowledge. That is not just an enhancement to your career or your earning power; it is the basis of a richer, more authentic, and more meaningful life.

I wish you every success in your future, and the deepest appreciation for what you have given us by your presence in the School of Humanities during your studies.

Congratulations and enjoy your *commencement*!

Tyrus Miller, Ph.D.
Dean, School of Humanities

Donald Bren School of Information & Computer Sciences

The world runs on technology: from artificial intelligence to big data, from digital media and learning to digital health, from cybersecurity to human-machine interaction. These technologies represent only a few of the cutting-edge areas that faculty, students and alumni from the Donald Bren School of Information and Computer Sciences (ICS) have dedicated themselves to in order to make the world a better, safer place for the future.

As students, and now alumni, of ICS, the only computing-focused school in the UC system, you were part of helping us grow into one of the largest and most diverse computing programs in the country. ICS prides itself on providing computer science and information technology leadership for the 21st century through research and development of emerging technologies, innovative and broad computing curricula, and collaborations that address key societal needs. You have shown incredible creativity and entrepreneurial spirit during your time at UC Irvine, and you are now prepared to lead the way in creating a bright future for society.

As ICS continues to explore the various ways technology can revolutionize the world around us, there will be many excellent opportunities for you as ICS alumni. Whether you are continuing your education or joining the workforce, remember that you are now part of a growing network that is nearly 12,000 ICS alumni strong who want to see you succeed. Please stay in touch so that we can celebrate all of your successes as you go off to pursue your dreams.

Congratulations to the Class of 2021! The ICS faculty and staff take great pride in your accomplishments and look forward to watching you continue to make a difference in the world.

Zot! Zot! Zot!

Marios C. Papaefthymiou, Ph.D.
Ted and Janice Smith Family Foundation Dean
Donald Bren School of Information & Computer Sciences

School of Law

Dear Graduates and Guests,

I know that I speak for our faculty, administrators, staff and the entire UCI Law community when I congratulate the Class of 2021, our tenth graduating class and our largest class ever, and thank them for all they have done to enrich the law school and the broader campus.

When they began their journey at UCI Law, , and kicked off the ten-year anniversary of the Law School, no one could have predicted that we would live through a global pandemic, witness a deadly insurrection upon our nation's Capitol, and be horrified by a dangerous increase in racial violence across the country. The Class of 2021 could have buckled under the pressure. They could have given up. They could have turned away from their commitment to public service. But they did not.

Instead, the Class of 2021 rose to the occasion. They continued to fight on behalf of the most vulnerable in our communities, including our own UCI Law community. They continued to speak out about important issues instead of remaining silent. They continued their commitment to UCI Law's defining values even when it would have been so easy to let them go.

UCI Law will always be a special place due in large part to the efforts of this outstanding class. For the past three years, they have carried the mantle of representing UCI Law with aplomb. In the courtroom, classroom and community, they have displayed not only legal prowess, but civility, empathy and respect for others. They have shaped this institution, and further established our culture as welcoming, supportive and collegial. They built organizations, represented the school in national competitions, invited speakers, planned events, and welcomed the classes of students who came after them.

Over the past three years, the Class of 2021 has learned indispensable skills, represented clients, and performed prodigious amounts of pro bono work and community service – in person, and more recently online. In doing so, they have made a tangible difference in the lives of so many. They have proven themselves to be leaders in the classroom, outside the classroom, and in the community.

Soon, the Class of 2021 will begin utilizing the skills acquired at UCI Law, advocating fearlessly with uncommon drive and ambition. I am sure they will remember their days here – preparing for an argument in moot court, discussing a lesson with friends and faculty, taking a break in the courtyard between classes, and finally, coming together as a community to deal with the impacts of COVID-19. The strength, resilience, and spirit they have shown during these challenging and uncertain times demonstrate the empathy and grit that make the UCI Law community so special.

I want to thank the Class of 2021 for being an important part of UCI Law and for all they have done, and all they will continue to do. I wish each of them all the best as they embark on a fulfilling and rewarding career. They will always be members of our unique and special UCI Law family.

Warmly,

L. Song Richardson, J.D.
Dean, School of Law, and Chancellor's Professor of Law

School of Physical Sciences

Congratulations on completing your degree in the Physical Sciences! I hope you agree that your studies in our School have been a great preparation for the next phase of your life. Whether you hope to pursue graduate or professional studies, or plan to start your career right away, the Physical Sciences offer a great doorway to success.

Over 40% of you graduates conducted undergraduate research, and many of you successfully applied to graduate and professional programs. I also applaud the many of you who took the initiative to participate in the mentor program. These experiences will be part of the career boost that we strive to provide. We invite you to return as mentors to coach the next generations of students with your oncoming career achievements.

As a Physical Sciences alum, you may dedicate yourself to the most abstract mathematical proof, or to the most tangible attempt to alleviate human suffering. Some of you may spend a large fraction of your life trying to understand a single particle or what happens over the tiniest fraction of a second, others may want to grasp the big-picture of the whole universe, or how the Earth's climate will change over the next 50 years. There is great value in each of these pursuits, as well as the whole spectrum of careers between these limits. The faculty and staff wish you the best of luck as you continue to pursue your passion and make a difference in the world.

Congratulations again on completing such a demanding degree. The world needs quality mathematicians and scientists; so be sure to contribute, expand and share your vast knowledge and experience

Keep active!

Bring enthusiasm to all your endeavors!

Keep in touch

James S. Bullock, Ph.D.
Dean, School of Physical Sciences

School of Social Ecology

Congratulations Class of 2021!

I know this isn't the graduation ceremony you imagined but it doesn't matter. What matters is you did it with hard work, perseverance and support from your family and friends. You now are graduates of UC Irvine's School of Social Ecology.

The School of Social Ecology's motto is "science-driving solutions." In that vein, our research, our courses and our field study opportunities are oriented at solving some of the most crucial social and environmental challenges of our time, including issues involving the coronavirus pandemic, mass incarceration, environmental sustainability, homelessness, poverty and mental health. I encourage you to be part of the solution.

Another important feature of our school is our focus on community engagement. Engaging with others is critical. We require all of our students to participate in 100 hours of field study because we want you to immerse yourselves in society's challenges and learn how to address them. We want you to see real life and be part of your communities. I urge you to continue in playing a vital part of a vibrant community.

Our school emphasizes the importance of compassion, equity and justice. Our faculty members conduct research about marginalized and disenfranchised people and communities because we're committed to trying to make the world a better place in terms of equity and fairness. I encourage you to think about how you can help us all become a more equitable society.

One of the possible silver linings of COVID-19 is that we realize we're all part of this problem. This is not something that only impacts certain groups of people. It impacts all of us and not only in the United States, but around the world. By embracing our common humanity and how really similar we are as people, I hope you've gained a greater sense of purpose, to really make sure you look out for yourself. And, make sure that what you do in your life shows compassion and concern for others.

The best advice I can share with you is this: "If you can be anything, be kind."

Best wishes,

Nancy Guerra, Ed.D.
Dean, School of Social Ecology

School of Social Sciences

None of us ever expected commencement would look quite like this…again. But then again, for many of us, the road has never been straightforward, easy or clear. That's been the case for more than half of today's graduating class, who, with the turn of their tassels, represent the first person in their families to graduate from college.

No matter your story, you've all shown the true resiliency of the soc sci Anteater spirit – particularly this past year as you turned kitchen counters into computer space and couches into classrooms, all the while creating stronger connections and communities that withstood the physical distance dictated by COVID-19.

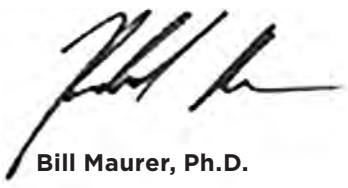
And I am so incredibly proud to now welcome each of you to the social sciences alumni family – a collective that's more than 50,000 Anteaters strong.

As an alumnus of the UCI School of Social Sciences, you're joining an elite network of changemakers who can be found everywhere from the halls of justice in D.C. to capitals around the world engaged in international relations work. Our alumni are making a difference through entrepreneurial endeavors from Northgate to Northern Africa, in courtrooms across the nation, boardrooms in some of the world's top companies, and classrooms around the globe training our next generation of leaders.

As a member of this elite network, I challenge each of you to continue pursuing a future that makes the world a better place than you've found it. Be bold, always break the mold, and be boundaryless in your pursuit.

Congratulations, social sciences graduates of the class of 2021

Zot, zot, zot!



Bill Maurer, Ph.D.
Dean, School of Social Sciences

Graduate Division

Commence. Begin. Launch. Arise. Come into being.

June's Commencement ceremonies at UCI represent the culmination of years of hard work, dedication, and determination. They also represent the beginning of the next phase of your lives.

It is my honor and pleasure to congratulate you for earning degrees during the 2020-21 academic year, as well as those who are here to celebrate with you. No one can complete this journey without a great support system, especially during a year as difficult as this one.

Commencement is a time to reflect, but it is also an opportunity to publicly recognize the transition from a student to a leader and innovator in today's ever-changing world. The world is better for the critical thinking skills and knowledge you will put to work in a positive and impactful way. You have earned the highest degree in your discipline, and you are the future we await.

As of this moment you are now part of a proud family of UCI alumni, and I hope you stay in touch and keep us informed of your accomplishments. Celebrate today and know that we look forward to celebrating your accomplishments for years to come.

Gillian R. Hayes, Ph.D.
Kleist Professor of Informatics
Vice Provost, Graduate Education
Dean, Graduate Division

UCI Alumni Association

Congratulations Class of 2021!

You've made it! You are now a college graduate! I still remember that moment in Aldrich Park many years ago. Not only was I overwhelmed by joy and pride but also a sense of gratitude. As an immigrant family with scarce resources, I saw the hard work and sacrifices my parents had to make to provide for the family and support my educational endeavors. They knew that a college education was going to be the game changer for our family. I saw the pride in their eyes and huge smiles on their faces as we took pictures together that day. I can tell you today that they were absolutely right! My time at UCI as an undergraduate and graduate student have made all the difference in my career and personal growth. Whatever your journey to UCI, you have achieved a great accomplishment that no doubt involved sacrifices, determination, dedication, and tremendous intellect. Then you throw a pandemic on top of everything to make it even more incredibly challenging. You faced an unprecedented time, but you persevered! Relish in this moment and celebrate your accomplishment. Express gratitude for all who have journeyed with you in this endeavor and supported you along the way – your family, friends, faculty and your Anteater community. As you go forward in life, know that your fellow Anteaters go with you and that you will forever be a part of the bold and pioneering Anteater alumni family!

As an alum you will always represent UCI, and I hope you do so with pride. I encourage you to stay connected, remain involved and strengthen your relationship with the university and Anteaters of all graduating classes past and future. The Anteater Network (antnet.uci.edu) is a wonderful way to do just that!

The UCI Alumni network has more than 206,000 members and accomplished individuals who are invested in your success and can help you increase your connection to our alma mater. As an active member of the Alumni Association, you will help continue a tradition that makes UCI and the alumni network itself stronger. Find out how you can leverage the benefits and services of being a member, including our online mentoring platform, The Anteater Network, as well as access to online research databases and UC libraries across the system, career services and networking events for young alumni.

Fifty-six years ago, UCI was established with a vision to become a driving force for discovery and innovation serving our local, national and global communities. You leave today helping to realize that vision.

I invite you to stay connected to your Anteater family no matter where you go in the world. Engage with our UCI Alumni at regional events, participate in our online community and be part of the more than thirty-eight chapters and networks across the world.

We are proud of you, Anteaters!

Zotfully yours,

Jack Toan '95, MBA '02

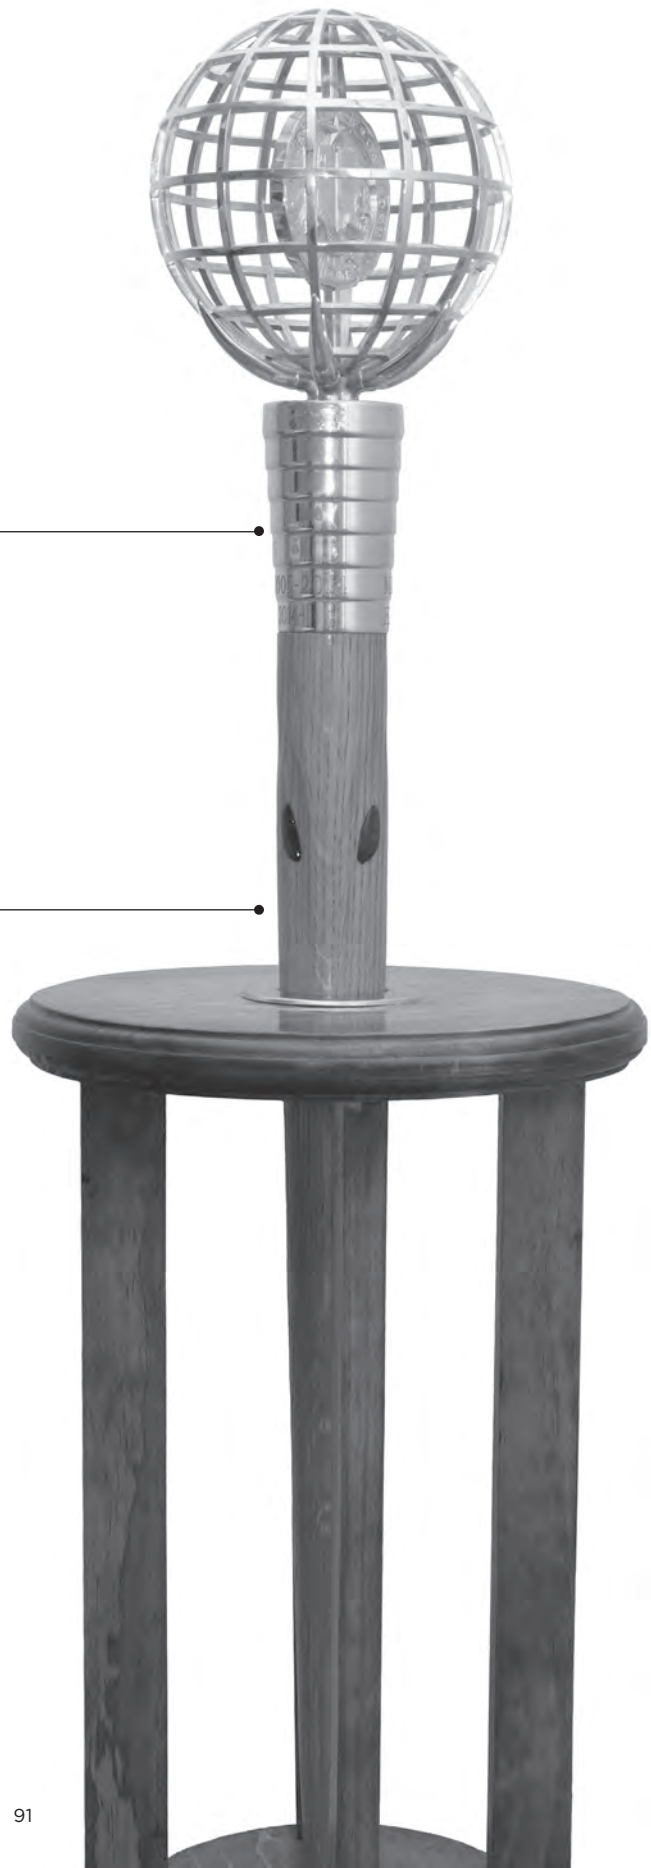
The UCI Mace

The Mace leads the Commencement processional and is carried by a member of the UCI Alumni Association Board of Directors.



The names of each UCI Chancellor are engraved on the top

Carved from California oak, the Mace is designed to resemble the nose of an anteater, UCI's mascot.

The UCI Alumni Association presented the UCI Mace to the campus on May 12, 2000.

UCI

FIAT LUX
